Townsend Club No. 1 California-Breds Prove Best At Hollywood Park

Regular social meeting and dance for Townsend Club No. 1 will be held Friday night at 7:30 in the Woman's clubhouse, on Engracia ave. Dancing will begin at 8:00 p. m. Those who wish to play Bunco may play during the dancing and refreshments will be served.

The farm value of horses and mules averaged \$53.48 per head in 1933, as compared with an average value of \$65.00 in 1944.

California-bred horses took 234 out of 400 races during Hollywood Park's eighth racing season which ended last Saturday.

Of the 16 stake races programmed for the meeting California-breds won 13, a new record for stakes wins at the Inglewood track. The homebreds were headed by Zaak T. Addington's Cover Up, winner of three races including the Hollywood Gold Cup and the Sunset Handicap.

Topping all California breeders was Louis B. Mayer with breeder awards totaling \$28,367.50. Average daily attendance records showed that the 50-day meeting was the most successful since the thoroughbred sport was resumed in 1933. During the meeting 1,460,965 fans saw the races for a daily average of 29,419 as against the previous record average of 23,573 established last year.

On the track one world's record was broken and one was tied, an American record was equaled and Hollywood Park track marks at several different distances were beaten or tied on 13 occasions.

THE PRICE OF PEACE

If we desire to secure peace, one of the most powerful instruments of our rising prosperity, it must be known that we are at all times prepared for war.—George Washington

Carrell Speedway Features Big Car Racing Sunday

Bayless Levrett of Glendale seeks his third straight main event victory in the big car races Sunday, August 10, at the new \$100,000 Carrell Speedway, Gardena. A 72-lap program is on tap, featuring the three-quarter mile Indianapolis powerhouses in a 30-lap main. Qualifying is set for 1 p. m., and races at 2:30 p. m.

Many records are expected to fall as the drivers now have the "feel" of the paved half-mile platter. Levrett's time for 30 laps is 11 minutes, 31.40 seconds. His No. 404 Wards Riverside Fire Special, Hiss-powered, is in top shape for Sunday's events.

Bill Sheffler of Los Angeles, who finished second and third to Levrett, looms as strongest threat with his new Offenhauser-powered job. Sheffler, who finished ninth at Indianapolis last year, is probably the only race driver in the world with two college degrees, having earned his B.S. and B.A. at U. S. C.

Numerous Southland towns are represented Sunday. Cars are entered by I. W. Molland, Highland Park; Bud Rose, Pasadena; Hal Cole, South Gate; Morales Bros., Anaheim; Bill Anderson, Long Beach; J. C. "Aggie" Agajanian, San Pedro; Nile McKinney, Whittier; Negro Bros., San Pedro; Joe Gensa, Pasadena; Karl Orr, Culver City; Bill Miller, Montebello; Ford Walters, Inglewood and George Seeger, Whittier.

Summer Softball Leagues Receive Civic Backing

Boys' teams of the Torrance Recreation department's playground league received sweaters and baseball caps last week thanks to generous support by local civic groups, businessmen and other interested parties.

More than twenty teams have been lined up to participate in the all-summer program to provide boys of all ages with competitive sports. Teams participating and their captains include: Lions Cubs, Frank Schmidt; Moose Juniors, Billy Sommers; Mighty Midgets, Jimmie Murphy; Pueblo Angels, Michael Grajeda; Junior Ravens, Richard Avalos; All-Stars, Kenneth Stevenson.

Aggie Maggies, Lavon Long; Buns, Bob LeBlanc; Southsiders, Jack Taylor; Jerry Wetzel's team; John Schultz's team; Snooks, Doug Tillson; Shackers, Jack Koshak; Grizzlies, Ronnie Wixom; Stars, Jerry Farrar; Drix Jrs., Bob Moon and Norm Chambers; Walteria Warriors, Larry Roy; Apaches, Danny Desmond; Seahawks, Jimmie Morris; Woodcraft Rangers, Charlie Babbitt.

Sweepstakes On Midget Card At Gilmore Tonight

One brand new racing car and one which has been completely rebuilt, will be on the midget card program tonight, Aug. 7, at Gilmore stadium when the 40-lap Culver City Sweepstakes headlines a card of sprint thrillers.

Owned by Danny Hogan, the new car is similar to those which have won Pacific coast championships for Sam Hanks, Fred Friday and the late Bob Swanson.

The rebuilt car on the program is owned by Johnny McDaniels of Phoenix and the reconstruction work was done by Emil Diedt, the man who supervised work on Lou Moore's two cars that finished one-two in the Indianapolis 500-mile classic May 30.

Racing fans here are hailing the brilliant comeback of 42-year-old Karl Young, who last week halted Danny Oakes' three-week winning streak at Gilmore. Ed Haddad, Johnny McDowell and other drivers, who have been campaigning in the east, are momentarily expected back at Gilmore for the weekly Thursday night events that will continue through Thanksgiving when the championship Grand Prix climaxes the season.

AREA OF AMERICAN FARMS GROWS

According to Federal statistics the area of the average American farm has grown from 174 acres in 1910 to 190.1 acres in 1945. With about 86,000 fewer farms there are nearly 82,000,000 more acres in cultivation.

Shackers Down Snooks Second Straight Game

Coming from behind in the last half of the final inning, the Shackers took their second straight game from the Snooks 5 to 4 Tuesday evening to retain their lead in the Senior division of the City Recreational baseball leagues.

Boys 16 and over are eligible for this competition and there is still room in the league for several more teams. Play is to continue through the summer months Tuesdays through Thursdays from 5 to 7 under the supervision of Ray Richhart at Torrance high school.

Line score:
Shackers 100 020 2-5 4 3
Snooks 011 000 2-4 7 2

ALABAMA'S GRAPHITE PRODUCTION

The state of Alabama is the largest producer of graphite in the Union. During the first World War it produced about 60 percent of our graphite consumption.

MONUMENTS OF FREEDOM
No American can pass by the fields of Bunker Hill, Monmouth, and Camden, as if they were ordinary spots on the earth's surface.—Daniel Webster.
